### Notes:

1. This unit features an automatic switch to an internal TCXO reference (±0.5 PPM) when the external reference is removed.
2. The unit's internal TCXO reference may be changed to an OCXO (±50 PPB) upon quote.
3. Phase noise is reference dependent for offsets lower or equal to 100 Hz.
4. Proper heatsinking may be required to keep surface temp. lower than +65°C.
5. TTL Compatible Lock Detect available upon quote.
